

## **Colruyt takes over 100% of the shares of Mundipak BV**

### **Acquisition of Mundipak BV in The Netherlands**

**Halle, January 17 2008 – Today Colruyt Group acquired 100% of the shares of the Dutch packaging specialist Mundipak BV via its BV Colruyt Nederland Vastgoed. Mundipak BV will remain as an independent entity within the Colruyt Group, as a sister company of Createch-Engineering and Dimaco.**

Mundipak was created in 1994 by Mr. Arnaud Hissink and is established in Hillegom (The Netherlands). The company is active in the construction, import and export, sales and sales advice off packaging and packaging machines/lines.

The acquisition of Mundipak BV fits in the further development of the engineering activities of Createch-Engineering on the Dutch market. Createch-Engineering is a limited company within the Colruyt Group that is specialized in the building and integration of automation processes for picking, packing, palletizing and other specialized activities. Within these activities the company is targeting the consumer industry: Food, non-food, pharmacy, cosmetics, electronics, etc.

During the fiscal year 2006 Mundipak BV achieved a turnover of €2,2 million and today employs 7 peoples. During the accounting period 2006/2007 Createch-Engineering employed 24 people and had a turnover of €7 million.
